steamapps > common > Archer Practice VR > and adding the "game" file) this actually allowed the game to load and let me shoot the bow. I was stumped as to how to actually start the level (spamming every button) and it randomly started, I'm still not sure if I actually did anything or if it's just timed out so you can read the warning, but after it started the Birds were flying overhead. This is definitely a shoulder workout, and not all that fun, or all that finished, but it is a game.. 5000 Steam Achievements spam, that's it game wise it's just unplayable.
