A screenshot of the 360 Internet Security application interface. The main window shows a "Threats detected" section with a list of threats. A modal dialog box is open in the foreground, displaying details for a detected threat. The dialog box contains the following information:
Type: It is recommended to prevent auto run applications.
Description: This type of application is an unknown application and unnecessary to auto start with windows startup. It may contain risks and affect system operation speed. Please add it to the Whitelist if you want to run this application automatically.
Scan Engine: 360 Cloud Engine
File Path: C:\Users\tester\AppData\Roaming\Nero\Nero 15\Nero BackUp\Files\...
File Checksum (MD5): 2e0dbb1d77f6730861a7dea3c133dd3f
At the bottom of the dialog box are two buttons: "Open Location" and "Copy Details".
Below the dialog box, in the main application window, there are "Resolve" and "Later" buttons. At the bottom of the screenshot, there is a black bar with white text that reads: "Check the found issues and resolve the problems in one click." A green checkmark icon is visible in the top right corner of the screenshot area.
